Whodunit?

Crime Lab

Discover Detection

Jr. Detectives

Sleuths on the Scene

Spy Academy

Whodunit?

Course description: Step into the shoes of a detective—uncover the science involved in evidence gathering and analysis. Become a super sleuth and learn clever ways of performing tasks in this hands-on view of the science that spies use. From decoding messages to metal detectors and night vision, students will have the opportunity to check out spy equipment, and discover the technological tools of detection!

* We reserve the right to substitute equally exciting classes when necessary. *
